## Structure of the tournament

1. The captain of each team will designate two pairs that will face the two from the opposing team, changing opponents in the second round, **for each variant of the Wizard:**

1st ROUND	2nd ROUND
Europe 1 vs North America 1	Europe 1 vs North America 2
Europe 2 vs North America 2	Europe 2 vs North America 1

2. Scoring according to the result of the games:
  1. 4 position points
  2. 3 position points
  3. 2 position points
  4. 1 position point
3. Each set of games will give 1 game point to the pair with the most position points, or half in case of a tie. The team with the most game points after the 4 matches will receive 1 tournament point.
  1. Winning team: 1 tournament point
  2. Losing team: 0 tournament points
  3. Tie: 0.5 tournament points each team
4. With these scores, the general ranking of the tournament will be made, which will determine the winning team.
5. There are no tiebreakers. Any tie distributes the points in play. A tie can also be given in the final result of the tournament. If this happens, the winning team of the previous year's edition remains the tournament champion.
